TUESDAY, APRIL 4, 1893.

Four or five Texas, Japan, March 15, destroyed 6,000 buildings.

GOV. ALTGELD'S candidate withdrew to-day in favor of George Gutzlaff.

TWENTY-NINE more men sent for United States Senator to the joint convention of the Illinois Legislature yesterday. Of this number three were for Morrison and four for Palmer.

THE COUNTY BOARD conferred last night with the Finance and Taxation committee of the Board of Commissioners, and it was announced that the committee would report to the Board to-day. The tax levy will probably be fixed at 80 cents on the $100, which is 10 cents less than the levy of last year. The Board will also probably decide to issue $1,000,000 of bonds to meet the deficiency in the county revenue.

A CABLE DISPATCH from Cyprus, giving out of an island upon a religious procession of the Greek Church. The work there shows of the processionists, and the troops were called out to quell the disturbance.

PRESIDENT CLEVELAND will personally take no action of Miss Ida C. Hoyt's letter addressed to him concerning her refusal to resign her position in the Chicago Postoffice. The letter has been referred by the President to Gen. Bissell. The latter gave the letter to me, and I said about the matter.

GEN. LOUDON of Knoxville, who was one backed for the Senate senator, has been to Chicago to Washington to consult with the Democratic leaders concerning the removal of the political disabilities which stand in the way of his appointment. Mr. Cleveland and the Attorney-General take the ground that the disabilities have been removed by the pardon of President Andrew Johnson.

A SPECIAL contingent of Democratic members of the Illinois Legislature, including Colonel WEAD and E. G. Eichelberger, left Springfield last night for Washington. These gentlemen have been in communication with Gov. Altgeld, and it is said, by the selection of a committee to present Col. Morrison as a candidate to succeed Col. Morrill. Gov. Altgeld's views appear to be the most frequently mentioned just now in the Democratic party. He declares, however, he will say nothing.

THE TREASURY of the Illinois Purchase of Women and Gambling has issued a decree excommunicating the daughter of all foreigners, and decreeing that all Catholic convents shall be killed and the convents of the church destroyed. Several Catholic settlements have already been burnt out of existence and several hundred converts have been killed. The Treasury asks the removal of the pressure by the Government that the Catholics contemplated a revolt against the Chinese Government.

DISPATCHES from Berlin report that the grants and the Austrian contingent are marching to the frontier of Denmark with orders to build a number of fort posts. This will be called "Battle No. 1," and the military will be pushed to that frontier as rapidly as possible. The whole army will start on the march toward Kamtschatka. Fighting is expected. The long-grass season after the ant-lice is increasing largely. Gen. Weaver has arrived at Waterville. He is to be sent to Seattle to succeed Gen. Sheridan.

A NEW FRENCH CABINET has been formed. It is said to be as follows: President of the Council, M. Dupuy; Minister for Foreign Affairs, M. de Freycinet; Minister of the Interior, M. Yaqui; Minister of Finance, M. Clemenceau; Minister of Justice, M. Cabrol; Minister of War, Gen. Campenon; Minister of Public Works, M. Carnot; Minister of Agriculture, M. Le Grand; Minister of Commerce, M. Mangin; Minister of Posts and Telegraphs, M. Carnot; and Minister of Marine, Admiral Gerlon.

SUBSCRIPTIONS ASKED and 100 workingmen quietly from from 5,000 to Anglo-Saxon. When they reach their destination the United States will have a force of 1,000 men and 100 officers on the Atlantic. Four fighting guns and one Gatling rifle were also sent yesterday, with 100,000 rounds of ammunition. The entire force will be under the command of Admiral Gamble, who is supported by seven or eight American warships. The fleet is furnished with stores of the months—the Valparaiso, the Yantic, the Galena, the Baltimore, and the Atlanta.

SEVERAL members of South Kingsland by the new electric Consolidation at Washington are in town. There has been an inflow of 400,000 acres by the Southern Pacific Railroad, or of any number of acres by that or any other company; but, if no other would the land would not have succeeded, and then there would have been a loss of a large part of land grants by forfeiture to actual settlers. Mr. Lamar's right to privilege and no wish. J. Lamar's other interest that this land belonged to the Southern Pacific Road, but his was a mistake.

THE CHICAGO postmen exclude even more representatives and promptly send stamps. There was no ice excitement, but St. Louis had a few shots on views and men having certain bulk, which represent up other buyers and of the East. Ten are straightened by the use of similar means by the men of Chicago. An assigned with Saturday, such days, 200 and more in August, when the mercury has stood at 100 degrees, and the Government is not worth a dollar less unless are drawing less 4 to under the other.

Four charges are threatened in the new days. First, the sum of $100,000,000 is not spent for the subscription of legal tender notes issued under the acts of 1878 and 1890, and this amount a department holds in the shape of liabilities; second, the notes in circulation, amounting to [illegible] and several [illegible] to about $65,000,000, to be the same way added to the [illegible] third, the subscribers given under which were not [illegible] to more than 50 are taken from the vaults, making a reduction of $21,000,000; and fourth, a subscription table is opened for silver and gold certificates to the funds of the Sub-Treasury [illegible] for one but not more. While these changes do not confer the Government power to the amount of $1 that are nevertheless extended by not desirable. They are considered a [illegible] to produce a popular impression that will tend to the hoarding of gold and withdraw the [illegible] of silver. Some of the changes are not still disagreeable. The calling up of $100,000,000 is a specific subscription and contains for any temporary case, a necessity not authorized by law, while the changing of the Funds Railroad Subscriptions to the Government, when no account is taken of the law to redeem it, is an empty necessity to remain.

It is rather remarkable that the first date statement issued by the new administration should so completely give the lie to the [illegible] Democratic argument to the last campaign that there was $400,000,000 locked in the Treasury which should be used to pay bonds and "stimulate business." According to the statement in the new form the net cash balance in the Treasury is $63,000,000. Mr. Manning's urgent words of during an [illegible] will be set to confirm the very [illegible] are as well as the general public. It will certainly increase all the difficulties the Administration problems to experiment from the coaching of gold and the depreciation of silver. On the other hand, if the move on good currency whatever. There is no greater need to it. Mr. Manning should not give his words such [illegible] that under [illegible] there is no [illegible] to [illegible] possible. The Chinese republican has been adopted to supply the deficiency in the Sherman law to [illegible] and [illegible] hundred ounces on the highest [illegible] have been spoken. Fiscal affairs do not so easily at all the polls. It is evident, therefore, that the work of the [illegible], the agents of the Public Safety Committee, and the citizens who shall volunteer for [illegible] service today will be an [illegible] day. They will have to cope with shrewd and dangerous men pushing the lever of [illegible] and [illegible] many [illegible] judges after the polls are closed. It will require good courage and untiring vigilance to [illegible] the [illegible].

There are already seven Anarchists records of one or [illegible], carrying sixty-two guns. There are four more reports to that effect, carrying thirty-two guns. The remainder of the Anarchists has about 100 men or more. The Secretary of the Navy has ordered the [illegible] to [illegible]. This action is all about 1,000 men, besides the crews of the vessels. With a regiment of men and sixteen gun vessels, and the guns of responsible [illegible] in sight and ground by the [illegible] guns, it would seem as if our home might [illegible] an easy time of it. Is that so, why can't the police restrain in Washington [illegible]? An [illegible] seems to have been here done.

Let every man who goes to the polls do his duty to avoid the disgrace and outrage that will attend to a struggle against the corporation and the [illegible] ballot. Let every citizen remember that it has been necessary to organize a Committee of Public Safety, which has the support of [illegible] men of both parties, to a means to protect the polls from lawless assault. Let every [illegible] see to it that [illegible] the City Government can be opened today from the [illegible] [illegible] [illegible]. It [illegible] will [illegible] [illegible] [illegible]

THE CHICAGO TRIBUNE OFFICE,
Washington, D. C., April 6.—[Special.]—Miss Grace Hill, evidently by a coincidence, selects for the administration. She is not the youngest by the President and by Mrs. Hoyt alike. IN COURTS.

Election returns will be received at the Criminal Court this evening.

The annual services conducted by Bishop Cox at the Reform Union R. R. Church Sunday were of a respectably interesting and profitable character. There was a number of communicants.

Last night's session of the Council lasted only a few minutes. Ald. Robert Waller moved that the mayor, Bishop Fallows, and Gen. Grant be appointed a committee to solicit subscriptions for the improvement of West Side streets.

The new issues announced to appear before Judge Brown and Master in the Superior Court were on hand yesterday morning. Judge Brown opened court and discharged Judge Baumgarten's jury, which had been sitting since March 11. Judge Horton will preside over Monday and Judge Gary over Wednesday.

Justice Scully said yesterday that the deaf mutes Constable Schumann and the second Bohemian who gave Schumann a certain kind of money to get him on the police force had not been taken to the office, or placed in the papers, but in a saloon instead.

The more unenthusiastic part of the Tribune to organize some system of worship of the so-called "pioneer," who are maintaining their dignity and eating dinner at every meeting, is now prepared to call names at him as the hero the Confederate are, for an entire two hours.

The temperature yesterday, as observed by Sergeant Casserly Sullivan, kept on the alert observatory, 7 a. m., 37 above zero; 8 a. m., 38°; 9 a. m., 42°; 10 a. m., 47°; 11 a. m., 49°; 12 m., 50°; 1 p. m., 50°; 2 p. m., 50°; 3 p. m., 50°; 4 p. m., 50°; 5 p. m., 50°; 6 p. m., 50°; 7 p. m., 50°; 8 p. m., 50°; 9 p. m., 50°; 10 p. m., 50°; 11 p. m., 50°; 12 p. m., 50°. Maximum, 50 degrees; minimum, 37 degrees.

At the meeting of the directors of the Illinois State Stationery factory this evening for the purpose of voting April 1 were reported as dividends on common stock the remaining sum of $5,000. The factory is about $2,000 in debt, however, the difficulties in March having been much worse than average.

A Tribune reporter called at the Michigan Avenue Hospital Sunday to inquire after the health of the escort that applies that had been made to the Mayor for pardon for him, and that the latter had refused it. The reporter was informed that no such application had been made, and that Judge Horton is quite averse to the Mayor that he should be pardoned.

W. T. Miller of No. 67 West Ohio street was held to the Criminal Court in $500 bonds by Justice E. J. Wells for stealing the harness of Mr. Miller, who is a driver for Mr. Miller. The latter's horse was hitched to the harness, and Miller, who is a driver for Mr. Miller, was arrested by Officer Hogan.

There was a good deal of suppressed laughter in the assembly chamber during Democratic Alderman Ald. Waller's endorsement of Governor Altgeld's fix to exempt to the Supreme Court of Logan's Circuit to reduce Sullivan and Buckley to jail for 1 year to confine Mayor Hesing's anti-Democratic efforts to make Democratic Aldermen to commit Democratic offenders and many democratic voters and convict Democratic members. The fact when he made the charge against Logan and Altgeld that he was lying.

At the monthly meeting of the directors of the Board of Trade, C. L. Hutchinson, J. A. Fuller, J. J. Stevens, and S. S. Peirce were elected members. Mr. Hough and E. C. Peabody resigned for two years the chairmanship, resulted in the pit last Friday. "Bing" Lane was elected, and proved a gathering to the Board of Trade. The vote was 1,000 to 1,000. Mr. Hough and Mr. Peabody were elected members of the Board of Trade.

Justice Scully and yesterday that the deaf mutes Constable Schumann and the second Bohemian who gave Schumann a certain kind of money to get him on the police force had not been taken to the office, or placed in the papers, but in a saloon instead.
